OBJECTIVES

- Provide Regional Liaisons an opportunity to engage with a focused group of participants from their regions
- Understand current barriers and challenges when planning and implementing wildfire risk reduction treatments
- Collate a prioritized list of ideas and next steps for ways in which Regional Liaisons can best support community forests with wildfire planning and resilience

connecting **knowledge** to **practice**

ROUND TABLE INTRODUCTIONS

- Introduce yourself and answer:
- What is one thing you heard from the presenters that you could imagine applying in your context?
OR What is something you are still unsure about?
