Potential CFA Areas

- Area large enough to practice stewardship
- Core area & additional options
- Working as a group to determine best areas

Our CFA Values to date

1

Ecosystem and Forest Management

- Landscape level management
- Decrease wildfire risk in interface and outlying communities
- Recreation opportunities/trails
- Timber supply/fibre utilization
- Non-timber forest products
- Research and innovation
- Traditional Ecological Knowledge

2

Business Operating Principles

- Collaboration on collective projects
- Training and human resource development
- Job creation
- Investing in our communities

So what?
